SECTION IV - Inland Barge Traffic.

None.

SECTION V - Water Supply.

- 1(a). The Town's water supply is taken from Lake Ennerdale and is chlorinated on the way to the town.
- (b). Water for shipping is obtained from the town's supply.
2. Reports on samples taken regularly during the year were satisfactory.
3. Regular cleansing is done to ensure against contamination of hydrants and hose pipes.
4. There are no water boats.

SECTION VI - Public Health(Ships)Regulations, 1952.

1. List of Infected Areas (Regulation 6).

Information as to infected areas is supplied by the Public Health office.

2. Radio Messages. Whitehaven is not a radio receiving port.

Notifications otherwise than by radio. Procedure would be for pilot to notify the Customs Officer as soon as he boards the vessel, who in turn would notify the Medical Officer of Health by telephone.

4. Mooring Stations.

(a) Infectious diseases, other than Smallpox, would be dealt with under the ordinary arrangements for these diseases.

(b) Surveillance of contacts would follow the lines laid down in the regulations.

(c) Cleansing and disinfection would be carried out under the supervision of the Sanitary Authority.

SECTION VII - Smallpox.

Arrangements for the treatment of this disease are in the hands of the Special Area Committee for Cumberland and North Westmorland for the Newcastle Regional Hospital Board. The first person to be contacted for every suspected case is the Medical Officer of Health for the district.
